

# GUARD YOUR ID REVIEW OVERVIEW

**If your roller looks like one of these then they can be refilled** and you can find refills here [www.plus-america.com/collections/refills-1](http://www.plus-america.com/collections/refills-1). These Guard Your ID Rollers are for use on plain paper surfaces.

Extra Wide Roller: IS-510CM  
Extra Wide Roller **Refill**: IS-017CM

Wide Roller: IS-500CM  
Wide Roller **Refill**: IS-007CM

Roller: IS-520CM  
Roller **Refill**: IS-004CM

The Advanced X and 3-in-1 Rollers use specially formulated ink which allows them to be used on certain glossy surfaces. They can be used on magazine labels and certain prescription labels, as well as regular paper. For quality control purposes the ink is injected at the factory and sealed into the roller. Therefore there are no refills for these models. Both the IS-530CM & IS-560CM are good for approximately 1,000 uses, while the larger IS-540CM, IS-570CM and IS-580CM models allow for approximately 1,600. Once the ink is exhausted you simply recycle or dispose of the unit and purchase another at [www.plus-america.com/collections/rollers](http://www.plus-america.com/collections/rollers).
